ETL Listed USB AC Charger with QC 2.0 - 6A/30 Watt

Turn a regular power outlet into a 5-port USB charging hub, ideal for international travel, the home or office. Our 6A/30 Watt USB charger allows for quick and easy charging, and will work with most USB-powered devices, including smartphones, tablets, and MP3 players. The ETL Listed QC 2.0 quickcharge AC adapter features a fast powered output using Qualcomm 2.0 technology that makes charging much quicker than normal AC Adapters. Our intelligent USB ports will communicate and recognize the device it is plugged into and will provide the best possible charging speed while the overcharge protection powers safely, without risk of overheating or damaging devices. Includes a blue LED light to indicate the charging status, smart IC ports are built in to identify your device and will choose the best conditions for charging with built-in surge protection.
